ಪೆಂಗಳೂರಿನಲ್ಲಿರುವ ಸ್ಥಳಗಳು ಹಂಚಿ ಕೊಡಲು ಅರೋಗ್ಯ ಸಚಿವರು ಮಾಡಿರುವ ಏರ್ಪಾಡು ಸಂತೋಷಕರವಾಗಿದೆ. ಆ ಸಂಬಂಧವಾಗಿ ಕೆಲವು ಪ್ರಶ್ನೆಗಳನ್ನು ಬರೆದು ಕೊಂಡಲ್ಲಿಗೆ ಕಳುಹಿಸಿಕೊಡುತ್ತೇನೆ.

ಸ್ಥಾನ ಸಾನು ಭಾಧಕರಲ್ಲಿ ಕೆಲವರಿಗೆ ಸರಕಾರದಿಂದ ಅಪಾಯವಿರುವುದರಿಂದ ಅವರು ಸಾರ್ವಜನಿಕ ಸಭೆಗಳಿಗೆ ಬರಲು ಭಯಪಡುತ್ತಾರೆ. ಆದ್ದರಿಂದ ಅವರಿಗೆ ಪ್ರತ್ಯೇಕವಾಗಿ ಒಂದು ದಿವಸ ಸಭೆ ಏರ್ಪಡಿಸಿ ಅವರ ಅಭಿಪ್ರಾಯಗಳನ್ನು ತಿಳಿದುಕೊಳ್ಳಲು ಸಾಧ್ಯವಿದೆಯೇ ಎಂಬುದನ್ನು ತಿಳಿಸಬೇಕಾಗಿ ಕೋರುತ್ತೇನೆ.

ಮೈಸೂರು ಸಂಸ್ಥಾನದ ಸಂಸ್ಥಾನಿಕರಲ್ಲಿ ಕೆಲವರು ಸಂಸ್ಥಾನದ ಹೊರಗೆ ಇರುವುದರಿಂದ ಅವರಿಗೆ ಸಂಬಂಧಪಟ್ಟ ಪ್ರಶ್ನೆಗಳನ್ನು ಕಳುಹಿಸಿಕೊಡಲು ಸಾಧ್ಯವಾಗಿಲ್ಲ. ಆದ್ದರಿಂದ ಅವರಿಗೆ ಸಂಬಂಧಪಟ್ಟ ಪ್ರಶ್ನೆಗಳನ್ನು ಸಹ ಕಳುಹಿಸಿಕೊಡಲು ಅನುಕೂಲವಾಗುವಂತೆ ಸಭೆಯನ್ನು ಸ್ವಲ್ಪ ದಿವಸ ಮುಂದಕ್ಕೆ ಹಾಕಿದರೆ ಒಳ್ಳೆಯದು.

ಸಭೆಯ ಕಾರ್ಯಕ್ರಮವನ್ನು ಸಂಸ್ಥಾನಿಕರಿಗೆ ಕಳುಹಿಸಿಕೊಡಲು ಸಾಧ್ಯವಾಗುವಂತೆ ಸಭೆಯ ಕಾರ್ಯಕ್ರಮವನ್ನು ಸಿದ್ಧಪಡಿಸಿ

the Chatram, I am directed to state that a bit of land about 10 ft. adjoining the Chatram Building seems to have been granted already to him for the construction of latrines etc. This bit of land after construction of latrines may not be in line with the rest of the Compound. It may not be possible to give him the 25 ft. of land as applied for, but the rest of the Compound wall up to the entrance pillar may be straightened and if he is willing then to construct the Compound wall at his own cost, he may perhaps be allowed to do so and also to put up a road.

This aspect of the question may be kindly examined and a detailed report submitted to Govt. A file Memo is enclosed for reference & return with the report.

The matter may kindly be treated as urgent.

---

Re Grant of land to Mr D Puttiah in Holenarasipur Town

With reference to your No 11988 dated 19-6-1943, I have the honour to resubmit herewith the file of papers with the following replies to your observations

A dimensioned plan of the area in question as desired is herein enclosed

2 The bit of land 10' wide adjoining the choultry, which has been granted to Mr D Puttiah in Law Secretary's No L 2398/ML 120-42-45 dated 29-8-42 is shown in the plan The land has not yet been ceded to the applicant and no latrines or kitchen are built yet

3 The extent of land now prayed for by the party is 25' wide This is also shown on the plan

4 The position of the compound wall which will have to be constructed when the land as proposed by the Minister for Local Self Government and Public Health, is given away, is also shown as desired

5 The length of the compound wall to be constructed is 245' and the cost of execution will be about Rs 490/- at Rs 2/- per R Ft Of this length, 64' will have to be constructed by Mr Venkatappa who is next to Mr D Puttiah, at a cost of Rs 128/- He will have to agree to this condition also The remaining portion has to be constructed by Mr Puttiah at his cost as agreed by him

6 The area of land to be given to Mr Puttiah is 1375 S Ft or 153 S Yds and to Mr Venkatappa 434 S Ft or 48 S Yds at Re 1/- per S Yd which is the rate paid for acquiring the properties previously The total charges will be Rs 201/- only

7 This Maternity Hospital is situated centrally to the neighbouring Taluks and even to Coorg and has become very popular The demand for accommodation is steadily increasing Sometime in the immediate future it becomes necessary to provide additional wards to meet this growing demand The only possible area to put up buildings will be this open area which is proposed to be surrendered to private people At that time the lands will have to be acquired at very abnormally high rates and serious opposition will have to be encountered I am therefore of opinion that the site should not be surrendered for Mr Puttiah The proposal to construct a kitchen and a latrine on the hospital front is to be discouraged as it will not only ruin the beauty of the hospital side but also create nuisance and insanitation to this locality

---

Letter No C 528-9 dated 23-12-42 from the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore, to the Executive Engineer, Hassan Division, Hassan

---

With reference to your Memo No 1024 dated 3-12-42 about ceding 25 feet of land of the site close to septic ward of the Maternity Hospital, Holenarsipur, I have the honour to state that a strip of land of 10' width behind the Venkataramanaswamy temple choultry has already been granted to Mr D Puttiah for building four

four latrines, a septic tank of 900 gallons capacity and a soakage pit of 12' long, 6' wide and 8' deep (vide G O No G 8106-9/Med 172-41-2 dated 2-2-42) It will not be possible to give 25' of land under the circumstances explained by the Medical Officer of the Maternity Hospital, Holenarsipur, her letter No T 137 dated 14-12-42 (copy enclosed) which is explanatory

---

Letter No T 137 dated 14-12-42 from the Medical Officer, Maternity Hospital, Holenarasipur, to the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore

---

With reference to your letter No C 529-5 dated 5-12-1942 requesting me to give my opinion with regard to the granting of 25 feet of hospital ground to the choultry of Mr Puttiah, I have the honour to state that there will be much inconvenience to the hospital if the above piece of land is given for the following reasons

1 The present space between the septic ward and choultry is 60 feet and if 25 feet were to be given from it only 35 feet will be left and since they propose building latrines and kitchen in the land if granted, the insanitary condition arising from those will tell on the health of the patients in the septic ward The people who come to the choultry are mostly halli people (villagers) who hardly know anything about flush system and are bound to make a mess of the place even if they were to be taught how to use the flush

2 The septic ward patients require a quiet surrounding and if the choultry is to be extended so close to the ward there is bound to be disturbance

3 The present septic ward is very small accommodating 2 beds At times, we have to put 4 patients with two on the floor close to one another for want of space and hence the septic ward may have to be extended at least in the future Even granting of 10 feet of land to the choultry will prevent us from building a spacious septic ward

The compound wall after giving the 25 feet will not be in a straight line but may be easily straightened

---

To

The Chief Engineer of Mysore,
Public Works Department, Bangalore.

Sir,

Subject:- Regarding the grant of land to Mr.D.Puttiah at Holenarsipur.

With reference to the correspondence ending with your letter No.19701 dated the 26th February 1944 forwarding the inspection report in connection with the above subject, I am directed to convey the approval of Government to your recommendation to grant to Mr. D.Puttiah the land marked A,B,C,D, in red in the revised plan sent by you for the construction of the compound wall to the choultry and also a latrine. A copy of the revised plan may be given to Mr. D.Puttiah with the direction that the full length of the compound wall should be constructed at his own cost as per design furnished by the authorities of the Public Works Department. The latrine should be constructed by the party on the lines suggested by the Director of Public Health. The revised plan accompanies. Copies of this may be sent to the Director of Public Health, the Deputy Commissioner, Hassan and the Chief Medical Officer, Women's Hospital in Mysore.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary to Government,
Law Department.

Most Respected Sir,

B/20/3 - 5505

RE - LAND GRANTED TO MY CHOULTRY AT HOLE-NARASIPUR VIDE GOVERNMENT ORDER NO L 9869/ M L 120-42 - 263 dated 21-3-44 ADDRESS TO THE CHIEF ENGINEER OF MYSORE, BANGALORE, BY THE LAW SECRETARY TO GOVERNMENT OF MYSORE, BANGALORE.

In obedience to the above order I executed a Muchalika in favour of the President, Town Municipality, Hole-Narasipur, as desired by him on 25-4-44 and entrusted construction of the Compound to a Contractor. The work went on steadily for some time under entire supervision of the D P.W. Overseer as per plan furnished by the Assistant Engineer vide his letter dated 1-5-44 But on 12-5-44, the Assistant Engineer suddenly ordered the work to be stopped stating that a fresh permission is to be obtained from the Executive Engineer, Hassan Accordingly permission was applied for on 17-5-44 and as there was no response untill 25th May our representative met the Executive Engineer, Hassan, when he said that a fresh Muchalika should be executed and that permission would be granted subject to the following conditions -

(1) That I should construct the entire compound wall of 245 Feet

at my own cost.

2. That Lalavatories must be constructed at the direction of Sanitary Engineer, Hassan

3 That after his inspection and approval only the piece of land marked A B C D in the enclosed plan will be given to me

4 That the old compound to be retained until further orders.

The Copy of the Muchalika that I was asked to excute is sent for your Honour's Perusal This Muchalika consists of several contradictary items to that of one executed by me to the Municipal President, Hole-Narasipur The fact as to why I am asked to furnish such a Muchalika is a matter, I leave to your honour's kind consideration.

Under these circumstances I beg to bring to your esteemed notice that I have no objection regarding conditions No.1, and 2 as I have already consented to construct the entire compound at my cost, as this was a suggestion made by your Honour during your kind visit to the spot.

As regards condition (3) of the Executive Engineer, I beg to state if only the portion of the land marked A B.C D is given to me there will be no outlet for water out of the Choultry. This fact has been observed by your Honour and your Honour was pleased to promise that the entire land with in the new corpound to be constructed, would be given to the

to the Choultry.

Your Honour's kind assurance was also endorsed by the Chief Engineer, Mysore, Bangalore in his recommendation(as Septic vaid is 52 Feet from the new compound wall to be built, the land marked A.B C.D in the revised plan may be given to Mr. D. Puttiah, as sugested by the Local Self Government, Minister) But most unfortunately the Chief Engineer did not send the revised plan with the recommendation The old plan was sent. Taking this as a ground, the Executive Engineer says that the Minister did not promise the entire land but only the land marked A B C D. In this conection I beg to bring to your Honour's kind notice that if only the above land is given to the choultry, there will no out-let for rainy water out of the Choultry and also the left vacant space will not serve any purpose to any body. If that bit of land is given to the choultry it will serve immensely for letting out water from the choultry.

Finally, I pray that the entire land as assured by your good-self may kindly be granted to me and thus help the cause of philanthropic institution for the use of the public. The foundation for compound to an extent of 250 Feet is laid and the compound is constructed to a length of 150 Feet As this is the rainy season, it is very probable that the construction may be damaged if it is left in the same state with out plastering.

To
The Hon'ble M.B Gundappa Gowda, Esqr , B.A ,B L.,
Minister for Local Self Government and
Public Health, Government of Mysore, "
Bangalore

Respected Sir,

The undersigned beg to bring the following few lines to your kind consideration and necessary orders -

You are aware that on 31-12-1942 when you had camped at Holenarasipur, that you were pleased to visit my choultry in connection with the acquisition of the land belonging to the Maternity Hospital and giving it to me for constructing a lavatory and Motor Garage etc for the use of my choultry You were kind enough to suggest the land to be acquired and given to me at my cost for the abovesaid purpose on condition that a new fresh straight compound wall for the whole of theland running south to north is put up at my cost, as per the line marked on that day on the ground For this I have agreed and given my

my consent in writing to the Deputy Commissioner, Hassan District, HHassan on 7-1 -1943 to whom orders have been made to give the land to me So far I have not received any orders from the Deputy Commissioner in the matter

3 Though the fact is like this, B Venkatappa, has never approached your honour uptill now for getting any portion of the land which is already promised to me for the above said purpose, and though there is no specific instructions from you, to give land to Venkatappa the Assistant Engineer, Holenarasipur in his letter addressed to the Executive Engineer, Hassan, (in connection with the enquiry made from the Chief Engineer, Bangalore through Superintending Engineer, Chimoga) has written " That Mr D.Puttiah has not so far taken ten feet land granted from the Law Secretary to the Government nor he has built any lavatory etc but applied 25 feet land Local Self Minister ordered that a straight compound wall as per plan attached and line marked on the ground in the Maternity hospital compound is to be built and that within that area should be given. If the land as per Local Self Minister as shown in the plan and marked on the ground is given the area which has to be granted to Mr D Puttiah will be 153 Sq.yards and to Mr B.Venkatappa 48 Sq yd at Re 1/= persquare yard will be 153/= and 48/= respectively The probable running feet of compound is to be built will be 245 Rft and the total cost would be Rs.429/= at Rs 1-12-0 per Rft and thus Mr.D.Puttiah has to pay Rs 317/= and B Venkatta Rs 112/= Apart from this the existing compound wall is to be demolished by both of them at their cost "

Re: Grant of land to Mr D. Puttiah in Holenarasipur Town

With reference to your No 11988 dated 19-6-1943, I have the honour to resubmit herewith the file of papers with the following replies to your observations

A dimensioned plan of the area in question as desired is herein enclosed

2 The bit of land 10' wide adjoining the choultry, which has been granted to Mr D. Puttiah in Law Secretary's No L 2398/ML 120-42-45 dated 29-8-42 is shown in the plan The land has not yet been ceded to the applicant and no latrines or kitchen are built yet

3 The extent of land now prayed for by the party is 25' wide This is also shown on the plan

4 The position of the compound wall which will have to be constructed when the land as proposed by the Minister for Local Self Government and Public Health, is given away, is also shown as desired

5 The length of the compound wall to be constructed is 245' and the cost of execution will be about Rs 490/- at Rs 2/- per R Ft Of this length, 64' will have to be constructed by Mr Venkatappa who is next to Mr D Puttiah, at a cost of Rs 128/- He will have to agree to this condition also The remaining portion has to be constructed by Mr Puttiah at his cost as agreed by him

6 The area of land to be given to Mr Puttiah is 1375 S Ft or 153 S Yds and to Mr Venkatappa 434 S Ft or 48 S Yds at Re. 1/- per S Yd which is the rate paid for acquiring the properties previously The total charges will be Rs 201/- only

7 This Maternity Hospital is situated centrally to the neighbouring Taluks and even to Coorg and has become very popular The demand for accommodation is steadily increasing Sometime in the immediate future it becomes necessary to provide additional wards to meet this growing demand The only possible area to put up buildings will be this open area which is proposed to be surrendered to private people At that time the lands will have to be acquired at very abnormally high rates and serious opposition will have to be encountered I am therefore of opinion that the site should not be surrendered for Mr Puttiah The proposal to construct a kitchen and a latrine on the hospital front is to be discouraged as it will not only ruin the beauty of the hospital side but also create nuisance and insanitation to this locality

---

Letter No C 528-9 dated 23-12-42 from the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore, to the Executive Engineer, Hassan Division, Hassan

---

With reference to your Memo No 1024 dated 3-12-42 about ceding 25 feet of land of the site close to septic ward of the Maternity Hospital, Holenarsipur, I have the honour to state that a strip of land of 10' width behind the Venkataramanaswamy temple choultry has already been granted to Mr D Puttiah for building four

four latrines, a septic tank of 900 gallons capacity and a soakage pit of 12' long, 6' wide and 8' deep (vide G.O No.G 8106-9/Med 172-41-2 dated 2-2-42). It will not be possible to give 25' of land under the circumstances explained by the Medical Officer of the Maternity Hospital, Holenarsipur, in her letter No.T 137 dated 14-12-42 (copy enclosed) which is explanatory

---

Letter No T 137 dated 14-12-42 from the Medical Officer, Maternity Hospital, Holenarasipur, to the Chief Medical Officer, Women's Hospitals in Mysore, Bangalore

---

With reference to your letter No C 529-5 dated 5-12-1942 requesting me to give my opinion with regard to the granting of 25 feet of hospital ground to the choultry of Mr Puttiah, I have the honour to state that there will be much inconvenience to the hospital if the above piece of land is given for the following reasons

1 The present space between the septic ward and choultry is 60 feet and if 25 feet were to be given from it only 35 feet will be left and since they propose building latrines and kitchen in the land if granted, the insanitary condition arising from those will tell on the health of the patients in the septic ward The people who come to the choultry are mostly halli people (villagers) who hardly know anything about flush system and are bound to make a mess of the place even if they were to be taught how to use the flush

2. The septic ward patients require a quiet surrounding and if the choultry is to be extended so close to the ward there is bound to be disturbance

3 The present septic ward is very small accommodating 2 beds At times, we have to put 4 patients with two on the floor close to one another for want of space and hence the septic ward may have to be extended at least in the future Even granting of 10 feet of land to the choultry will prevent us from building a spacious septic ward

The compound wall after giving the 25 feet will not be in a straight line but may be easily straightened

---
